SOC Solution Package | Core

Your Fast Track to 24/7 Security

With our SOC Solution Package Core, you can get started with 24/7 cybersecurity in just a few days. Around-the-clock protection: maximum expertise, proven processes, and certified technology – all seamlessly integrated in the 8COM SOC.

XDR as a Service

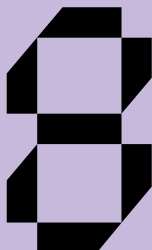

Extended Detection & Response with Palo Alto Cortex XDR Pro (C5-attested) or Microsoft Defender. 24/7/365 protection for all endpoints, including XSOAR, incident response, unlimited alert handling, and service & support. Vulnerability management available as an optional add-on.

Best of Breed

Our SOC technology stack is guided by independent effectiveness testing such as the MITRE ATT&CK® Evaluations. Rigorously vetted – technically, organizationally, and strategically – to ensure uncompromising quality.

Incident Management

Flat-rate alert handling with no volume limits. Proactive threat hunting, alert validation, contextual attack analysis, risk-based incident prioritization, and rapid threat mitigation.

**Fast, flexible, scalable:
A SOC that grows with you.**

SOC Core is modular and expandable – from additional vulnerability management to monitoring systems and data sources beyond endpoints.

20 years of advantage – 20 years of cybersecurity expertise

For over two decades, we have focused exclusively on cybersecurity – with our own infrastructure, exclusive certifications, and deep methodological expertise.

Our SOC is the result of years of experience and continuous evolution. We stand for a level of security that delivers when it matters most – meeting the promises others only make.

From 0 to 24/7 – no detours.
